Great game, highly recommended!. this game is alot of fun and i keep going back to it,i hope they make more ibomber games because im hooked. This game has terrible controls, but has a good general idea of any other tank game.. This game is a very fun and injoyable game.. Other than the cartoonish graphics, it is not interesting at all. Going through the first level is already streching my patient. I cant believe this game is almost 1gb in size.

Simple and easy to pick up. A game you can leisurely return to when you are not quite in the mood for the big bulkiness of a premium game or only have about 10 minutes to spend.. Overpriced.

Lags in fullscreen mode.

After the game crashed, i lost all progress aswell.. A gorgeous top down two stick shooter from my favorite gaming company! Simply said, the best of its kind! It's incredibly fun to drive around the beautiful destructable maps shooting bad guys. The price is great too so if you like 2d action games, this is the best you can get.. Just go ahead and buy it.. A fun twin-stick shooter arcade game. Works best with a controller.. If you have played iBomber games before than you know what you can expect from the graphics side of things. The gameplay is a lot different however. You're not the blowing up things as in a tower defense game, but you're now in the driverseat. The game has some depth that you will be able to upgrade you're tank. For the rest it's making sure you hit the enemy with you gun. Wouldn't put this game at the top of my shopping list, but it definetly offers some simple good old fun.. Graphics : 5/10

Music : 5/10

Gameplay : 5/10

Story : 5/10

Overall : 5/10. Fun game and easy to play. Time or no time. Its all up to you. Thats a nice touch. Finally a game that you can tailor how you want to play it. What an idea. The graphics are good and clean looking. I played it with an xbox controller. Sound is good as well. I liked this game a lot more then I thought I would. The game has upgrades like better speed and such and alternate weapons like a bomb strike and a machine gun. Very good. 8/10 not deep but a good arcade shoot em up.
